

Happy Pentecost! This Sunday marks 50 days since Easter, and the day of Pentecost. Show your colours and wear red!

We have also included a colouring page with this week's email if you are interested in printing one to colour and put in your window. If you do, I invite you to take a picture and send it to our facebook page to share with others.

We have been busy here at the church preparing for the celebration on Sunday and still keeping up with orders for WUC monkeys. Many are still in the production stage, but some have already found their forever homes and are even getting out and about in their communities! If you have yours at home, why not take a picture and let us know how our little buddy is doing.

We have officially decided as a board to remain closed for worship until at least the fall. We will re-evaluate in September to see how the area has dealt with phase 1 before jumping into in person gatherings. There are way too many restrictions and protocols that make it difficult now; by then it may be safer. Our love for you is too great to take the chance that gathering could make you sick.
